Schedule Basics

• As a freshman, you should only take what level courses?
  – 0000 (remedial: MATH 0001, MATH 0045) *these do not count towards graduation credit
  – 1000 (example: ENGL 1100, HLTH 1000)
  – 2000 (example: SOCI 2110)

• Full time is how many credit hours?
  – 12-18 hours: How much/little you take is up to you and your comfort level

• The typical course load per semester is how many credit hours?
  – 14-16 hours (Finish in Four Years)

• All degree plans require a minimum of 120 credit hours to graduate (30-60-90-120)
  – Freshman = 0-29 hours
  – Sophomore = 30-59 hours
  – Junior = 60-89 hours
  – Senior = 90+ hours

• Depending on your major, most of your fall schedule will consist of General Education requirements (and maybe 1-2 major courses)
  – Exception to that would be Science majors

• You have a chance to work on your schedule today BUT you will have all summer to finalize it (just make sure to be FULL TIME for now)!
Your catalog is valid for 5 years from date of your admission.
You will follow the 2022-2023 catalog.
